Prosperity Progress Protection

VOL. III, No. 6. Brisbane, Calif., August 15, 1948 5 cents a copy —$1.00 per year

THINK FIRST!

During the past month four known hair breadth incidents relative to traffic, a subject which is vital to us all here in Brisbane as well as anywhere in this country took place. Three of the incidents involved children under five years of age. Because they were only near-hits they could be chalked off as unimportant and forgotten but, they could have been tragedies!

Because of our town's hilly terrain, narow streets, blind corners and absence of traffic signs it is doubly important that speed be kept down to a minimum.

We are proud of the men who promptlty and efficiently answer our fire and ambulance calls. They are familiar with all the turns and streets, knowing where and when to slow down, use a horn, etc.

It is only natural curiosity, sometimes mixed with anxiety, for human beings on hearing the scream of a siren to rush to doors and windows to see where the fire might be or where the ambulance goes. It is also natural with some humans to want a complete, on-the-scene picture of just what is going on. Therein lies trouble! In haste, with only one object in view, these same people jump into their cars or hop onto bicycles and take off! No thought is given as to whether their help is needed, whether they might possibly be in the way of the fire-fighters, or that on taking a blind corner at a high rate of speed might happen onto a small child or adult standing in the way watching the excitement too. It goes without saying that both driver and pedestrian, unless one or the other were exceptionally quick thinking, would be helpless under the circumstances. A small child should never, never be depended upon to remember to do the right thing at the right time even though the most scrupulous parent has trained it to be traffic conscious.

Because bicyclists are mostly children, and Brisbane has many of both caution should be practised on approaching these aforementioned corners.

Scooters, home-made coasters and tricycles on these hills are hazards to not only motorists but too their owners as well. However, who are we to say that they should be banned from our streets as that is a matter of parental jurisdiction.

Much could be said in detail on this subject as it is ever with us, but it is a thought to keep uppermost in the minds of not only motorists but pedestrians as well.

Brisbane has a good record insofar as few traffiic casualties are concerned. Please, let's keep it that way!

—V. W.

SOAP BOX DERBY

The annual Soap Box Derby will be held Sunday, September 26th. Anyone wishing information please contact Albert Pearson, Chairman; JU. 5-9212.

3. All applications must be filed by (date to be announced later).
4. Applications can be filed at the Recreation Center or the Firehouse.
5. All coasters must be approved by the Committee.
6. The weight of the coasters not to exceed 150 lbs. or over 80 inches in length.

(Continued on page 2)

HOME TOWN FOLKS

Mr. Schwenderlauf and son Ed of El Dorado Street, narrowly escaped serious injury when they were involved in a collision on Bayshore Highway on July 20. An approaching car passed over the double line striking the car immediately in front, which in turn collided with the Schwenderlauf car upsetting it, and rendering both occupants unconscious. Ed received a head wound which required seven stitches. They were treated at the emergency for cuts and abrasions and were able to return home that same evening.

Mr. and Mrs. Donald Jorgensen of 37 Humboldt Road had as their house guest early in August the former's sister, Miss Helen Jorgensen of Fairbanks, Alaska. Miss Jorgensen is Registrar of the University of Alaska and was enjoying her first visit to the States in five years.

"Scotty" Hickman of Mariposa Street was confined to the hospital for a week after returning from Boy Scouts Camp due to an infection caused by a spider-bite on one foot. Latest reports have it that he is up and around but must remain quiet for sometime to come.

Mr. and Mrs. Ralph Geist of 409 Klamath Street, are the proud parents of a baby girl born July 11. She weighed 8 lbs. 2 ozs. at birth and her name is Linda Kay. Congratulations!

Miss Helen Richards and Mr. John Fassett both of Brisbane were united in marriage at Reno, Nevada on July 24. They will make their home at 579 Alvarado Street. Congratulations and best wishes from all their friends in Brisbane.

Betty Pistohl of 45 Solano Street is working at Forrest Lodge, Greenville, Calif., near Lake Tahoe for the remainder of the summer. She will return in September to resume her studies at the University of California for the second year.

Mr. Felix Schwenderlauf of El Dorado Street, Brisbane, was one of a party of eight to bag a deer on their first day of hunting. The other 7 also bagged their buck. Congratulations!
They hunted near Cloverdale.

Mr. and Mrs. Huber of 525 Alvarado Street are entertaining Mrs. Huber's brother and wife Mr. and Mrs. C. Cox and their two children for two weeks. Mr. and Mrs. Cox are from Victoria, B. C., Canada.

Mr. and Mrs. Hanchey of Monterey Street with their four youngest children Betty June, John Carla Sue and Brenda spent a two weeks vacation visiting in Idaho with Mr. Hanchey's brother and sister.

A baby was born to Mr. and Mrs. Cardoza of Brisbane, on July 22, 1948. The mother was formerly Shirley Scwenderlauf.

HOME TOWN FOLKS

(Continued from page 1)

Mr. and Mrs. Lloyd Isdahl and family have returned from a six weeks trip which took them through several mid-western and southern states, and much scenic territory.

Miss Gloria Hanchey returned August 5, from Tahoe City on Lake Tahoe. She had been away since June 18.

Mr. and Mrs. Wick and daughter Sharon have moved to Alabama, where Mr. Wick will resume his studies to be a phycisist.

Miss Louise Ross has been vacationing in Oklahoma, visiting relatives and friends.

The Southern Baptist Church held its picnic at Flood Park, Saturday, August 7.

(Box Derby - Cont. from page 1)

7. Wheels cannot be over 12 inches in diameter and they must be rubber-tired.
8. Coasters must be steered by wheel or tiller with steel cables.
9. Coasters must be equipped with drag brakes rubber-mounted.
10. Coasters cannot be built with cement, metal lathe or plaster. No excess weight.
11. The front end of the coaster to extend past the front wheels.
12. There will be time trials before the races.
13. The race course will start at the fiirehouse and finish at Mariposa Street on San Bruno Avenue.
14. There will be a competent starter and three official judges.
15. All decisions of the three judges will be final!

MISS FLORENCE LILLARD WEDS ROBERT NELSON

Miss Florence Lillard became the bride of Robert Nelson in the Wayfarer Church in Carmel, on Sunday, July 18, 1948.

The reception followed in the San Carlos Hotel in Monterey with seventy guests in attendance. Several members of Bob's family in Brisbane were present, including Mr. and Mrs. Nelson.

The couple left for a honeymoon in Hollywood, Santa Barbara, and Catalina Island.

The bride is a resident of Davis, California.

Bob is the son of Mr. and Mrs. Nelson of San Benito Road, is a veteran of World War II, and formerly attended San Mateo Junior College.

They will make their home in Napa City, California.

Many friends join in wishing the couple every happiness.

ROOF INSTALLED ON NEW AMERICAN LEGION HOME

On Sunday, August 1st, 1948, Mr. H. A. (Red) Chandler, the Roofer from Brisbane, and Mr. Earle Sorg of 178 Bright Street, San Francisco, Calif., generously contributed their services, installing a roof on the new American Legion Home on Visitacion Ave.

We thank you boys!

B. S. A. - C. S. A. No. 134 DRUM AND BUGLE CORPS

This month we are six New Drums happier than we were last month at this time. No fooling - It was wonderful the way the people of Brisbane cooperated in buying tickets and with their attendance at our dance July 17th which was given to raise funds to purchase some new equipment. We netted enough from this one dance to buy six new side drums, complete with slings and sticks. These drums have been purchased, paid for from the dance proceeds, and are now in use.

We still have 12 more drum outfits to buy; namely, 6 Snare Drums, 4 Tenor Drums and 2 Bass Drums. In order to accomplish this we intend to hold some more dances or put on some other entertainment in the near future in order that we may have a complete outfit for our next competitive parade. This will be the the San Francisco Portola Festival Centenniial Parade, October 17, 1948. This is an important parade and we want to make a good showing.

The members of the Corps are practicing very hard for this parade and will accomplish our aim if we have the continued help of the community to get them properly equipped with the necessary instruments.

For the people that were unable to attend the 1948 Posey Parade at San Bruno, in which your Drum and Bugle Corps took first prize in their group, the Brisbane Theatre has obtained the movie film showing the entire parade and will show it August 15, 16 and 17th. This film was not obtained free by any sense of the word and we thank Ralph for his assistance and money in getting it for the community benefit.

We have been missing one of our Drummers at our practice sessions since "Boy Scout Camp." Scotty Hickman is on the "Sick List." Get well quick, "Scotty," we hope to see you soon.

"Dick" Hosking and
George Brady.

DEATHS REPORTED

Sympathy is extended to the family of Charles John who passed away suddenly July 9 at his home in San Francisco due to a heart attack.

The deceased leaves a wife Helen, and daughter Loretta both of San Francisco.

The John family were former residents of Brisbane.

Edward Kemmerling, Sr., father of Edward Edward Kemmerling, Jr. of 317 Mendocino Street, passed away Saturday, July 10th at 10:45 P. M. at San Francisco hospital. Death was caused by heart attack. Leaving wife and son Lewis of Oakland and daughters Emma of San Bruno and Matilda of Virginia City, Nevada.

SUMMER CLUB AT CATHOLIC CHURCH

An impromtu summer club for children whose ages ranged from four to nine years was organized at the Catholic Mission Church on Alvarado Street for two weeks this summer beginning July 9 and ending Friday, July 23.

Under the able direction of Mrs. Margaret Galten, a newcomer to Brisbane, the children spent a busy and happy two hours each morning listening to stories, drawing, coloring, embroidering and in general keeping little minds and fingers busy.

A party on the last day, with ice cream and cake for refreshments ended the activities. Father Transfeldt extends thanks to all who gave their time and helped make these two weeks interesting for the youngsters.

SO THE PEOPLE MAY KNOW!

Your Police District was in good shape at the last Police Commission Meeting called for the 23rd of July. There was not a single person showed up except the chief and the Commission.

However, we need more support from the people. We feel now that we are on our way and that we have the District under control with a full time efficient officer The residents of the district should rally to the support of the District. The Community will grow in importance as a proper place to live and raise our families if we get back of our School District, Fire District, Water and Sewer District, and above all, our Police District. Get on the Band Wagon and progress with the Organizatiions of the Communiity.

We submit here with the Chief of Police report as July 23rd, our last meeting.

Lester E. Bybee,
Chairman.

SHOWER FOR NEW BRIDE

A very lovely miscellaneous shower was given by Miss Joan Honsinger at her home 474 Mendocino Street, Monday evening, August 9, in honor of Mrs. John Fassett who was a very recent bride.

Mrs. Fassett was the recipient of many beautiful and useful gifts for her new home.

An attractively decorated bride's cake in which was hidden a wedding ring was presented to Mrs. Fassett.

At the close of a very enjoyable evening refreshments of salads, sandwiches, cake and coffee were srved by the hostess.

Guests attending were:

Jackie Honsinger Betty Fogelman
Joy Fogelman Olive Chapman
Blanche Chapman Marjorie Chase
and Dorothy Chase.

GOOFY GOSSIP

As I write this we are returning from a vacation trip to Yellow Stone Park. If the reader of this column has traveled this route, he will appreciate what I am about to say .

The first 300 miles from San Francisco is mostly in California, but when you leave Reno you see nothing but the vast waste land with a few exceptions of cattle ranches. Then about 150 miles West of Salt Lake nothing but a Salt Bed of desert. Hot? Yes, 100 degrees in the shade and no shade. Salt Lake City with its wide streets and drinking fountains. Northward toward Ogden, 36 miles of fertile valleys of the most delicious fruit, fields of alfalfa, and sugar beets. This time of the year a most beautiful spot. The trees bending and broken with the golden delicious apricots, apples, pears, peaches, the cherries having just been harvested. No place on earth are the flavors of these fruits so delicious.

North of Ogden into Cash and Malad Valleys are the Dairy herds and dry farms with their grain ready to be harvested, Further North into Idaho the home of the Famous Idaho Potato, where the seasons are not quite so long, we see the vast acres of Potatoes that are just coming into blossom. The vast alfalfa fields just beginning to harvest at their 2nd crops of alfalfa. Grain of every kind just beginning to turn golden ripe or just filling the heads. The pastures are green and pretty as this vast country is rolling in wealth. It is all irregated from the water taken from the dangerous Snake River diverted into Canals. Their laterals running the vast level lands that are so fertile and produce the greatest crops you ever laid your eyes on for such short seasons.

Then on to the many wonders of Yellow Stone Park which I won't have space here to describe.

Swinging back to our own Community I would like to bring to your attention here and now the importance of getting back of the movement now under way and being sponsored by the Lion's Club of Brisbane, Chamber of Commerce, the Fire Department and other community clubs. The improvement of our local water systems and extending the sewer connections to the vacant lots, and the importance of the sewer disposal plant that must be built if Brisbane expects to keep pace with the Expansion and growth of the other cities of the Peninsula. These are musts with the development of our little town to make it a better place to live and raise your families. Better homes, better sanitary conditions, better fire protection with lower fire insurance rates.

You home owners, and property owners get back of this movement now. Support your school, the Parents and Teachers Associations, the Chamber of Commerce, the Lions Club, the Fire Commission, and the Police Commission. The water, sewer, and Sanitary Commission that are now under way. If the community spirit is inicted into these improvemets and with the cooperation of the people, we are bound to improve and go ahead with the growth and expansion of the other cities of the county in which we live.

Yes, we have property for sale or will build to suit you,
or write your Insurance, Fire or Auto, in any form.
See us for "CLEAN DEALS IN DIRT."

FIRST BAPTIST CHURCH RECEPTION

The Baptist Church of Brisbane held a reception in honor of Pastor and Mrs. Richard Beal, Jr. on Friday evening, July 23. Dr. Gilbert Bellshaw of Calvary Baptist Church was master of ceremonies for the evening. The main address was given by Rev. G. A. Weniger of Oakland and greetings were extended to the honor guests by representatives of different departments of the church.

The musical numbers completed the program. Mrs. Beal was presented with a corsage and Mr. Beal received a set of Chafer's "Systematic Theology" as tokens of affection from the congregation.

At the close of the evening punch and cookies were served.

By MILLIE

"If you have beauty, he will admire you. If you are witty, clever or profound, he will respect you. But if you have charm he will adore you and lay at your feet the love that a man gives only to a charming woman."

—Old Arabian Proverb.

* * *

AUGUST DOG-DAYS are with us again and we should all try to streamline our housekeeping to the nth degree, so as to have more time for relaxation.

There have been so many "easy does it" products developed, you do not have to be a magician to whip up a most delectable meal in short order. How about those "just add water" Baking Mixes; worth their weight in Gold. No measuring, no dirty bowls and utensils to wash and what a variety of baked goods you can have on hand with very little effort.

There are Hot Roll Mixes that make delicious Rolls and Coffee Cakes, as well as melt-in-your mouth Cake and Cookie Mixes. If your husband has been telling you about "those Apple Pies Mother used to make," get some Pie Crust Mix and serve him a pie with a tender golden crust and he will never mention his Mother's baking again.

* * *

For Your Sunday Night Supper—

Here is a recipe for a very attractive and nourishing dish—easy on the budget too:

KIDNEY BEAN RAREBIT

3 tbsp Butter or Margerine
3 tbsp Flour
¼ tsp Dry Mustard
½ tsp Salt
1½ Cups Milk
¼ lb. Sharp Cheese (grated)
1 No. 2 Can Red Kidney Beans
4 Slices Toast (buttered)
1 Egg Beaten
Few drops Worcestershire Sauce.

Preperation:

Melt butter in saucepan, add flour, mustard and salt, stir until blended. Add Milk gradually, stir until blended. Add milk gradually, stir briskly over direct heat until sauce boils and thickens. Add cheese, stir until blended. Meanwhile, heat kidney beans in their own liquid; drain and heap on buttered toast. Stir beaten egg and Worcestershire sauce into hot rarebit, pour over beans. Serves four).

Serve this Rarebit with a fruit cocktail or salad, your favorite dessert and beverage.

* * *

In The Sewing Room:

Always keep a small steel crochet hook in your work basket — for pulling out basting threads.

When making a wash dress for your child or yourself, attach a small piece of the material in one of the seams. Each time the garment is laundered, it will be washed too and should you ever need a patch, it will be the same color as the rest of the dress.

If you are cutting out sheer materials which are inclined to pucker or run away from you, cut your scissors through a wax candle a couple of times and you will have no further diifficulty.

Keep a steel magnet in your sewing kit for picking up pins and needles.

My Lady's Boudoir:

Try to grab a few minutes to relax these warm afternoons and give yourself a facial. You can find the ingredients right in your kitchen cabinet for a most effective mask. Combine evaporated milk with cornstarch until the consistency of very thick cream. Spred all over your face which has been thoroughly cleansed of all make-up. Ring out cotton pads in ice water or wich hazel and put over your face. Lie down for fifteen minutes with your feet higher than your head and relax completely. Wen mask has dried, remove with warm water, followed by a cold dousing. You will feel wonderful.

Simering Summer is hard on your feet too. Skin is inclined to dry out. Keep tootsies well lubricated by massaging with lanolin, cold cream or any good lubricating oil. A good idea is—after you have finished your housework, to give your feet an alcohol rub, followed by a brushing of bath powder.

PREPAID EDUCATIONS

College educations don't come free . . . they cost money. And while most every parent wants his boy or girl to go to college, the bitter truth is that in too many cases, when college time rolls around Dad just hasn't the money.

Of course, the sure way . . . and the modern way is to prepay a college education . . . which is where Occidental Life can help. We'd be glad to explain how you can guarantee a college education now . . . without harm to your pocketbook . . . for *your* boy or girl. Just call

When You're Motoring:

Next tiime you take the family on a long automobile ride, take several paper shopping bags. Keep one handy for sweaters, dark glasses, the kids' books and all other things that accumulate on the back seat of the car. In another bag put paper cups, napkins, salt and pepper, a knife and several jars of sandwich spread. By picking up fruit, a loaf of bread (sliced) and milk at a store, you're all set for a noonday lunch along the way. Other shopping bags in the trunk of the car come in handy for bathing suits and other items.

Mother's Pride and Joy

Given her first spanking, a little girl looked at her mother and said, "I hope I never see you act that way again."

Jumpin' Jupiter

A NEW YORKER, vacationing at a dude ranch, was hard put to it to cope with the tall tales told by the cowpunchers until he worked this one out.

"I, myself, once saw an animal," he told them, "that had eyes and couldn't see, ears and couldn't hear and had legs and couldn't walk. But it could jump as high as the Empire State building."

"Well, go on," said a cowhand. "What was it?"

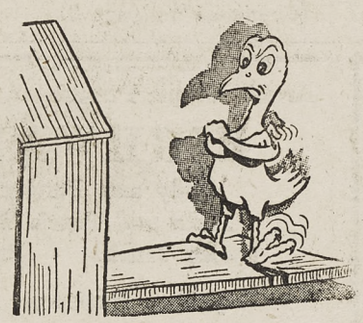
"It was a stuffed cat," said the New Yorker triumphantly.

The boys thought that over, and then the same cowhand growled:

"Sure, but you said it could jump as high as the Empire State building."

"If you boys would just think a moment," the New Yorker replied, "you'd know the Empire State building can't jump."

CUCKOO IN REVERSE



Husband: "When anything goes wrong around the house, I just get busy and fix it."

Wife: "Yeah? Since you fixed the clock, the cuckoo backs out and asks: 'What time is it?'"

Telephone Ethics

A telephone operator was at one end of the wire and a little girl who had answered her ring, at the other. The operator, obeying one of the company's rules, was trying to get the child to call an older person. She began, "Is your mama there?"

"Is your big sister there?"

"No, there's no one here but grandma and me and the cat. Grandma can't hear and the cat can't talk."

HOME TOWN NEWS

Mrs. Margaret Tann and sons Bob and George are leaving Monday evening, August 16th for a 2 weeks vacation in Colorado.

Mr. Roy Hickman has a sister visiting from the East.

Margery Naughton is enjoying a vacation at Grass Valley.

Mr. and Mrs. Crayton Ingram have just returned from a month's vacation in Missouri and Colorado.

Mr. Harold Pikkanes has returned home to his folks from a visit in Chicago.

Commemerative stamp appearing August 25th will be for Harlan Siske Stone, 3 cent stamp.and on August 30th the Palomar Mountain Observatory, also 3 cent stamp.

WATER RATES UP 25 CENTS FOR BRISBANE

Clyde Henry owns and operates a water works under the fictitious firm name of Brisibane Water Company supplying a portion of the town of Brisbane in San Mateo County. In this proceeding, he alleges that the cost of water purchased from the City of San Francisco's Water Department has been increased 18%; that his other expenses have also increased to the extent that he now is operating at a substantial loss. The Commission is asked to establish an increased schedule of rates.

A public hearing was held in this matter before Examiner Ross at Brisbane.

Brisbane Water Company supplies water to 373 consumers in a service area adjoining the Visitacion City Water Company, owned and operated by Theo. C. Linde. Applicant's territory embraces the higher elevations of the rim of Visitacion Valley. All water is purchased from the municipal water works of the City and County of San Francisco and is delivered to local consumers through booster plant and storage tank facilities.

The Commission's engineer estimated that the revenues for 1948 under the schedule of rates proposed by applicant would amout to $16,240, and operating expenses, excluding depreciation but including taxes for the same year would amount to $12,318 leaving a difference of $3,922.

The state of the record herein is such that no annual depreciation charge can be determined. Based upon the available evidence it is clear, however, that applicant's present revenues are insufficient to meet bare operating costs, without consideration being given to depreciation. Under such circumstances, applicant is entitled to relief.

A schedule of rates will be established in the following order which will increase revenues about $1,500 thereby avoiding out-of-pocket operating losses and covering depreciation to the extent possible to estimate from such data as this record contains,, with some additional amount for return upon capital.

Applicant at any time in the future may apply to this Commission for the establishment of adjusted rates when he is prepared to submit and support the data and information necessary and required for the establishment of a proper rate base and rate structure.

ORDER

Clyde Henry, operating under the fictitious firm name of Brisbane Water Company, having filed application requesting authority to place into effect increased rates, and it appearing from the showing made in the record in this proceeding, and the Commission hereby finding that increased rates are justified and should be authorized, therefore:

IT IS HEREBY ORDERED as follows:

1. Clyde Henry is authorized to file for publication in record-ance with General Order No. 96 the schedule of rates for water service in and about Brisbane in San Mateo County, set forth in Exhibit A attached hereto, said schedule of rates to become effective on after the effective date of this order.

2. Clyde Henry, within forty (40) days from the effective date of this order, shall file with this Commission four copies of a suitable map or sketch, drawn to an indicated scale upon a sheet 8½x11 inches in size, delineating thereupon in distinctive markings the boundaries of its present service area and the location thereof with reference to the immediate surrounding territory, and, within sixty (60) days from the effective date of this order, shall file with this Commissiion four copiies of a comprehensive map, drawn to an indicated scale of not less than 600 feet to the inch, upon which shall be delineated by appropriate markings the territory presently to be served, which map should be reasonably accurate, show the source and date thereof, and include sufficient data to determine clearly and definitely the location of the property comprising the entire utility area of service; provided, however, that such filings shall not be construed as final or conclusive in the determination or establishment of the dedicated area of service or any portion thereof.

The effectiive date of this Order shall be twenty (20) days from and after the date hereof.

Dated at San Francisco, California, this 10th day of August, 1948.

IRA H. ROWELL
HAROLD P. HULS
KENNETH POTTER
Commissioners.
